Plan Billion Dollar Asian Military Aid

Ike Confers With 29 Key Congressmen

WASHINGTON (AP)—The administration was disclosed Tuesday to be planning to give nearly a billion dollars worth of new military aid to Korea, Indochina and the Chinese on Formosa.

Sen. Lyndon Johnson of Texas, the Senate majority leader, revealed the figures following a White House conference which he described as "helpful and hopeful."

President Eisenhower and other administration leaders talked for an hour and 40 minutes with 29 key Congressmen, in a prelude to congressional consideration of the President's 3½ billion dollar foreign aid program.

The bill carries \$1,717,000,000 for military aid funds, \$712,500,000 for economic aid and another billion for defense support payments to free countries around the world.

It had been previously disclosed about two-thirds of the total would be set aside for Asiatic countries. However, there has been no breakdown, prior to the partial one Sen. Johnson reported Tuesday.

Johnson said the administration plans to give 432 million dollars in military aid to Korea. The next largest slices of military aid would be 417½ million for Indochina including South Viet Nam and 39 million for the Chinese Nationalists on Formosa.

All the money in the bill would be for the fiscal year beginning July 1.

Chairman George (D-GA) of the Senate Foreign Relations Committee, which will take up the bill Thursday, told reporters: "There is no question but that it will get through—in what form, I don't know."

A Senate Foreign Relations Committee spokesman later supplemented Johnson's report by saying the amounts he mentioned do not include the actual "hardware" of military aid, such as tanks, planes and guns.

Such things, he said, are included in a \$1,400,000,000 subtotal of President Eisenhower's 3½ billion dollar total aid program. The \$1,400,000,000 is for nations around the world, Europe as well as Asia, and hence the amount for Korea, Indochina and Formosa could go well above their combined total of \$968,500,000 in Johnson's report.

There was no breakdown of the \$1,400,000,000 available, it being regarded as a military secret.

Axlrod Freed On Bail In Killing Of Young Mother

MINNEAPOLIS (AP)—Greeted by an embrace from his wife, Dr. A. Arnold Axlrod walked out of jail on \$15,000 bail Tuesday with orders to stand trial May 23 in the strangulation slaying of a young mother.

Axlrod, 49, a dentist, was released on bond deposited by his brother shortly after pleading innocent to a charge of first degree murder in the death of brown-haired Mrs. Mary Moonen, 21.

In the packed courtroom at Axlrod's arraignment was Pfc. Mathias Moonen, husband of the woman Axlrod is accused of slaying. His 9-month-old daughter is being cared for by his parents in Plummer, Minn.

Axlrod, in statements to police, admitted taking Mrs. Moonen, one of his former patients, for a ride the night of April 22. Her body was found the next morning in an alley off the city's fashionable Lake District.

BLAMES HIGH PRICE PROPS FOR WEAKNESS IN CORN MARKET

CHICAGO (AP)—Otto Steffey, president of the Illinois Agricultural Assn., Tuesday blamed high price supports for weakening the state's corn market.

Steffey said land diverted under the control program is planted with feed grains which compete for the corn market.

"The large amount of these feed grains on hand has caused weakness in corn prices," he said. "The market price of corn has averaged from 5 to 10 cents a bushel under prices of a year ago—and corn is the most important farm crop in Illinois."

Tell Mother Of Efforts Made To Get Reds To Free Son, Prisoners

WASHINGTON (AP)—Top State Department officials were said to have assured a worried Chicago mother Tuesday that certain foreign governments are helping this country pressure the Chinese Reds to release her son and other American prisoners.

Deputy Undersecretary of State Robert Murphy and two Far East experts also reportedly told Mrs. Addie Rigney, 72, they are intensifying prisoner negotiations at Geneva, Switzerland and in the United Nations.

Mrs. Rigney's son, the Rev. Harold Rigney, 52, a Roman Catholic priest, has been imprisoned in Peiping for nearly four years. He is one of 27 U.S. civilians reported in Chinese jails.

Mrs. Rigney flew to Washington Tuesday to find out what is being done. Her traveling companion, Joseph Meegan of Chicago, told newsmen about her conversations at the State Department.

Meegan said he could not identify the foreign governments reportedly aiding the United States in seeking release of the American prisoners in China. The department, he said, does not want to "arouse public opinion" in those countries to a point where their efforts might have to cease. The United States itself maintains no diplomatic relations with Red China.

Mrs. Rigney and Meegan spent about 15 minutes with Murphy. Afterward the quiet, white-haired woman said: "The only thing I guess we can do now is wait and pray. That's all I've been doing."

At the time of his imprisonment in 1951, Father Rigney was rector of the Catholic Pu Jen University in Peiping.

Blough Succeeds Fairless As Head Of U.S. Steel Corp.

NEW YORK (AP)—Roger M. Blough, 51-year-old lawyer and son of a truck farmer, Tuesday became board chairman of the \$2,350,000,000 United States Steel Corp., the world's biggest steel enterprise.

He succeeded Benjamin F. Fairless who reached the company's retirement age of 65 Tuesday and stepped aside, as he put it, to "surrender his responsibilities to capable and younger hands."

Blough was elected at an organization meeting of the Board of Directors which followed by one day the annual stockholders' meeting at which Fairless announced his retirement.

Blough's first connections with U. S. Steel were in 1939 and 1940 when he acted as associate counsel for the corporation during the investigation of the steel industry by the temporary National Economic Commission.

He was appointed general solicitor for United States Steel Corp. of Delaware in 1942. In 1951, when U. S. Steel merged its subsidiaries into U. S. Steel Corp., Blough became executive vice president-lawyer, secretary, and a director of the corporation.

Decides Husband Worth Attempt To Lose 63 Pounds

CHICAGO (AP)—A 190-pound woman decided Tuesday she'll try to reduce 63 pounds in five months to win her husband back.

Mrs. Lillian Korzen, 43, is being sued for divorce by her husband, Michael, 42, on charges of cruelty. In a hearing last week Korzen told Circuit Judge Cornelius J. Harrington he would take her back if she reduced to the 127 pounds she weighed when they married in 1937.

Mrs. Korzen, 5-foot-2 had filed for separate maintenance, charging desertion.

The judge spent one hour with each disputant in his chambers Tuesday. At the end of the two hours he had obtained Mrs. Korzen's promise to diet down.

During the dieting period the Korzens will live apart.

Korzen, an employee of the Chicago Transit Authority, was granted permission to visit the children, Dolores, 11, and Michael Jr., 10.

Questioned by newsmen later, Korzen was grateful to the judge. "He was able to do in one hour what I haven't been able to do in 10 years," he said.

Would Divorce Farm Advisers From Bureaus

SPRINGFIELD, Ill. (AP)—A bill which would divorce county farm advisers from the Farm Bureau was filed today in the Illinois Legislature.

The bill, by Rep. Joe W. Russell (D-Piper City), would make it unlawful for county farm advisers, assistant farm advisers and county home advisers to receive any compensation from private organizations, including the Farm Bureau.

Russell said the Farm Bureau pays out \$1,628,000 a year in Illinois to the farm advisers as a contribution to their salaries and travel, and office expenses.

The bill carries out the recommendation of Secretary of Agriculture Benson to divorce agricultural extension service employees from the private farm groups.

Russell said he will introduce another bill Wednesday asking for a two million state appropriation to take the place of the Farm Bureau financial contributions. The county Farm Bureaus are organized as the Illinois Agricultural Assn.

Ferrell Murder Trial Goes To Jury

BIRMINGHAM, Ala. (AP)—Opposing lawyers pictured ex-prosecutor Atty. Arch Ferrell alternately Tuesday as a calculating, vicious killer and a victim of a murder prosecution that misfired.

The state insisted that evidence in Ferrell's 2-week-old trial proved "beyond a reasonable doubt" that the ousted Phenix City prosecutor and former Chief Deputy Sheriff Albert Fuller killed vice foe A. L. Patterson.

But defense attorneys argued with equal vigor that Ferrell established an unshakable alibi that cleared him of any part in the slaying of Patterson, the Democratic nominee for attorney general.

The case of the 38-year-old one-time political big shot went to the jury in late afternoon with the state demanding the electric chair.

Ike's Road Plan Gets Some Support From Governors

WASHINGTON (AP)—State governors argued over the highway problem Tuesday and some bipartisan support lined up behind the administration's multi-billion dollar road building plan.

Gov. Walter J. Kohler of Wisconsin, chairman of the governors' highway committee, told reporters he intends to continue a "no-compromise" fight for the plan before a House Public Roads subcommittee Wednesday.

However, there is some opposition among the governors.

Govs. Averell Harriman of New York and George M. Leader of Pennsylvania, for example, have found some fault with the financial features of the administration's program.

The chief executives of 45 states were in the final day of a two-day meeting, called by President Eisenhower, for briefings by top government officials on major foreign and domestic policies and problems.

Highways, education and police vaccine were under discussion Tuesday.

The administration highway plan is a center of controversy on Capitol Hill—much of it focusing on a proposal to use bonds to raise much of the money.

Committee Okays 8.8% Pay Raise For Postal Workers

WASHINGTON (AP)—Half a million postmen and other Post Office workers would get an 8.8 per cent pay increase under a compromise reached Tuesday by a Senate-House conference committee.

The figure compares with a 10 per cent raise voted by the Senate, the 8.3 per cent voted by the House and the top of 7.6 per cent supported by President Eisenhower.

Sen. Olin Johnston (D-SC), chairman of the conference committee, said the Senate members accepted "less than the amount they considered justified... because of their desire to give these employees an increase without further delay."

"It is believed that the agreement is one which can be passed immediately by both the Senate and the House and approved by the President," Johnston added.

However, some others said privately that if Eisenhower should veto the compromise bill, it is doubtful the veto can be overridden. Eisenhower has indicated several times he probably would not sign a bill providing more than a 7.6 per cent raise.

Revised cost estimates showed that the compromise would cost the taxpayers an extra 178 million dollars a year, as compared with 169 million for the House bill and 220 million for the Senate. The raise would be retroactive to March 1.

HEAT BAKES MIDWEST, COOL FRONT DROPS MERCURY IN PLAINS

By THE ASSOCIATED PRESS
Much of the Midwest baked in summer-like heat Tuesday, but a cool front in the northern Plains dropped temperatures 44 degrees in 24 hours.

A storm center in western North Dakota caused winds of 30 to 40 miles an hour in the northern Plains, with gusts up to 50. Some blowing dust covered the area from northeastern Colorado to eastern North Dakota.

A band of showers and thunderstorms accompanied the cool front, stretching from central Minnesota to near the Kansas-Missouri border.

Somewhat cooler weather was forecast for most of the Midwest on Wednesday.

The mercury zoomed to 91.9 degrees in Chicago, breaking the heat record for the date set in 1949. The old record was 91. Detroit had an 86, highest May 3 reading in the 83-year history of that city's weather bureau.

Readings in the 80s were the rule from the eastern Plains, across the Mississippi Valley and Great Lakes to the western foothills of the Appalachians.

A surge of cooler air held the early afternoon temperature in Bismarck, N.D., to 90, compared with a 94 reading 24 hours earlier.

Daylight saving time was first introduced by Germany in World War I and later adopted by England.

Guaranteed Annual Wage Has Thorns, Businessman Warns

WASHINGTON (AP)—A business executive told the U. S. Chamber of Commerce Tuesday the guaranteed annual wage is "a beautiful rose" but that it has thorns which can scratch.

Demands of some unions for a guaranteed wage may endanger the expansion of some businesses and bankrupt others, Frank B. Cliffe, vice president of the H. J. Heinz Co., Pittsburgh, said at the chamber's 43rd annual meeting.

He advised business leaders to find out where the thorns are and "how much they can scratch you."

Many firms, Cliffe said, have found it possible to regularize production and paychecks "with varying degrees of success." But he contended the risks are great for companies subject to seasonal fluctuations in sales or sensitive to the ups and downs of the business cycle.

"While I am in strong sympathy with the desire for steady work and correspondingly steady pay," Cliffe said, "the demand for a guaranteed annual wage seems to be using the wrong tool for the job."

"Certainly the destruction of an employer's willingness to expand and experiment and the bankruptcy of other employers who could not survive the additional load of payments demanded would harm employees far beyond the benefits they would have received."

In a speech before the chamber's trade association section, Atty.-Gen. Brownell told the businessmen the Justice Department's antitrust policy is aimed at "making real strides towards either cracking restraints on entry of new businesses into an industry or controls over price."

He also said the Justice Department is trying to help businessmen "who seek in good faith to live within the law" to find their way through the maze of federal regulations.

Linda Christian Loses Power But Gets A Million

SANTA MONICA, Calif. (AP)—Linda Christian Tuesday lost Tyron Power but gained a million dollar divorce settlement.

A Superior Court judge awarded the Mexican-born actress an uncontested divorce from Power, third generation star of a famous theatrical name.

"He wanted to be alone," Miss Christian, 30, said between crying spells.

Power's first wife, French Actress Annabella, used a similar story in 1948 to win \$50,000 a year alimony.

Linda told reporters she had no plans to marry British actor Edmund Purdom, with whom she has been linked romantically.

"I am going to Spain to make a picture in a few days. I will not see him," she said.

Power will have custody of the couple's two small daughters while she is away. He has been given custody of the two children for two months each year.

Miss Christian will receive community property in West Los Angeles and Mexico City plus a percentage of Power's earnings for 11 years.

14 Hours, 2 Minutes Of Talk Needed To Make Bill A Law

WASHINGTON (AP)—In these gassy days, it takes 14 hours, 2 minutes of congressional talk to make a bill a law.

This is figured from a "report card" handed Congress Tuesday, the official resume of its activities, from the day this session opened, Jan. 5, through April 30.

In that time, the report shows, the 96 senators talked away for 220 hours 46 minutes, spreading their wisdom, their worries or maybe only their whims over 2,750 pages of the "Congressional Record."

The House, even with its much tighter rein on its members' 435 tongues, managed to get in 172 hours 9 minutes debate, thereby filling 1,898 pages.

One result of all this talk: We now must obey 28 new public laws.

It took another 2,864 pages of the "Record" for the world's most famous grab bag, the appendix. Here congressmen put editorials that appeal to them, speeches they or their friends have made, or articles on subjects they are interested in.

As Cao Dai Head Had Opposed Civil Strife

SAIGON, South Viet Nam (AP)—A general of the Cao Dai religious sect was shot dead Tuesday night while leading his private army alongside Nationalist troops against retreating Binh Xuyen rebels with whom he once was allied.

Bullets spewed from an armored motorboat by Binh Xuyen commandos felled Gen. Trinh Minh The, a handsome young officer who in recent weeks has stalwartly supported Premier Ngo Dinh Diem in efforts to restore order and unity to South Viet Nam.

The ironic end of Gen. The (pronounced Tay) came as he was crossing a canal bridge in the Khanh Hoi region southwest of Saigon, a marshy triangle enclosed by canals that was believed to have been cleared of the rebels.

Defense Secretary Tran Trung Dung had announced only a few hours earlier that four of Gen. The's black-clad battalions—perhaps 2,400 men—had joined with government forces in a final drive against the Binh Xuyen.

This was taken as another sign of Diem's growing strength in the face of rebellion and the displeasure of Chief of State Bao Dai.

Gen. The was prominent in the National Revolutionary Committee which Saturday declared Bao Dai deposed—an action expected to be confirmed Wednesday in a national congress convened by Diem.

The Cao Dai general withdrew in March from the united front of opposition to Diem which had been formed by the Binh Xuyen, the Cao Dai and the Hoa Hao religious sect.

He had insisted that the united front avoid armed conflict with the government and had been ignored by Gen. Le Van Vien, commander of the Binh Xuyen army.

Civil strife, Gen. The declared then, could benefit only "the Communists and the colonialists."

Tuesday he was virtually commanding the second phase of the battle of Saigon against his former Binh Xuyen allies. It was the first time government and Cao Dai units had fought side-by-side.

As the fighting continued through the night, Vien was reported falling back farther south toward Go Cong, 30 miles from Saigon, with the battered remnants of his army, reduced from 5,000 to about 2,000 since it attacked government forces here last Thursday.

REDS' IDEA OF NEUTRALITY

At any one point in time, the Soviet Union may seem generally more conciliatory or less so in its relations with the free world.

When the Kremlin is stressing "peace" and the easing of tensions, it is well to remember, however, that the Communists are playing a global game. Talk of peace in one quarter may be matched by tough words—or action—in another.

Right now we can find a good illustration of this in Europe. With a suspicious urgency, the Reds have offered over-generous peace treaty terms to the Austrians. They're so eager to sign on the dotted line they show impatience with Western insistence on a preliminary meeting of the various big power ambassadors.

The perennially hopeful elements among Western peoples welcome the Soviet gesture as a firm sign of good intentions.

But meanwhile the Russians, through their puppet East German regime, are demonstrating in an area not too far from Austria just what "normal" relations with the Communists can be like.

The Reds have by slow degrees begun clamping a sort of "cold blockade" on the city of Berlin. A few weeks ago they suddenly imposed new highway tolls on trucks plying between Berlin and West Germany. They multiplied the charges 11 times.

Now they have started seizing trucks as in the old days, confiscating cargoes, mostly of scrap metal. There have been waves of scrap seizures before, always on some phony pretext, Berlin's leaders believe the on again-off again harassment of traffic is part of a ruthless Red plan to scare business from the city and reverse the healthy trend of its economic improvement.

How any sane German can watch these tactics and believe that the Kremlin is his friend is hard to see. Russia doesn't know the meaning of the phrase, "live and let live." The only kind of neutrality it is interested in for Austria, Germany or anybody else is a brand it believes will permit it eventually to dominate the neutral nation.

In the Kremlin's world, there are as many kinds of warfare as there are kinds of human endeavor. As strategy demands, the Communists may shut off one type or another. But the great goal of conquest and domination is never forgotten.

When and if the Western ambassadors meet at Vienna to discuss Austria's peace treaty, we must hope that the West's understandable wish for a real easing of tensions does not blind it to the dangers.

We must hope that our representatives remember Berlin, not alone in the "hot" blockade of 1948-49, but as imperiled by the cold blockade of 1955.

NEW YORK (AP)—Who sews your buttons? Who darns your socks? Who sends your shirts to the laundry?

If a man does these things himself, presumably he is a real fine modern-minded husband and a great companion to his wife. But if he expects his wife to do them, he is presumably a bawling-out old fellow who is secretly looking for a mother not a marital partner.

So some present-day sociologists and marriage counselors seem to hold. I say they're full of twaddle. There has been a horrible spate of magazine articles lately on the "New Freedom" of wives, the "New Partnership" in marriage, the "New Sharing of Responsibility" between husbands and wives.

Much of this wide-eyed tripe is the sheerest drivel. It operates on the theory that (1) a home is hopelessly old-fashioned if the husband goes out and brings home the bacon, then rests contentedly in the living room while his wife cooks it—but (2) everything is palsyswally in a home in which papa opens a can of beans for dinner while mama cheerfully busies herself painting the kitchen ceiling.

To me this is saddening. Do these girls really want to marry a husband—or merely marry a bachelor, who doesn't need them? I recall in a college course I attended the professor asked the girls the minimum income they would demand in a husband. One girl insisted it would have to be \$100 a week. That was more than 20 years ago. She's unmarried.

The idea that marriage is a sharing isn't exactly new; it's as

old as marriage itself. But you can't figure out the sharing as you'd plan a work sheet in a factory. The adventure lies in finding out what and how you'll share. You don't start with an ultimatum—or often end with one. Not in a real marriage.

But there is a real danger in the new idea that all household chores have to be decided exactly 50-50, so that nobody ever does more than his share; there is real danger in the new idea that any wife can improve her husband by neglecting him while she pursues her own interests outside the home.

Such a concept doesn't exalt or free womanhood. It degrades womanhood. No victory outside her home can ever repay an honest wife for a failure within it. Most women realize this instinctively.

A feminist who insists that her husband help with the cooking and sew on his own buttons purely as a matter of principle, or because she is too lazy, defeats herself on a picayune battlefield. She may gain a mouse—but if it's a man she's got, she may lose him, too. There are an amazing number of girls who don't regard a kitchen as a penal institution or button sewing as a form of slavery.

As a matter of fact, anybody looking either for a 50-50 partner or a fulltime chum ought to form a business corporation or join a social club. Marriage is a mystic, longtime exploration. It should be entered into only by people looking for something else—men who yearn for a wife, women who yearn for a husband.

WASHINGTON (AP)—Bao Dai has become a symbol of the inability of the French to face reality in the 20th century; the determination of the people of Asia to shake off colonialism for independence.

The French seem incapable of ending the chaos in South Viet Nam in Indochina, where they have had a succession of disasters. Unless the United States can end it the Communists seem certain to take over.

The French had bought Indochina as a colony in the 19th century. They were driven out in World War II, which smashed West European colonialism in most of Asia. But they wouldn't look at the clock.

They moved back in after the war. They were too impoverished to defend it from outside attack. They thought they were strong enough to control the natives. They weren't. But they couldn't bring themselves to let go.

The Vietnamese, in the big eastern province of Indochina, demanded freedom. The French promised it, after negotiations. The negotiations collapsed in 1946.

Ho Chi Minh, Moscow-trained, began war on the French with the Vietminh, made up of Vietnamese Communists and nationalists.

The French were too weak to crush the rebels.

They did not train Vietnamese armies and officer corps capable of crushing Ho Chi Minh. Such an army, of course, one day might have turned on the French and driven them out.

Nor did they build up any Vietnamese leader who could have been a real head of state and rally point for his people against communism. Instead, they picked Bao Dai, former emperor of the province of Annam, as chief of state.

He was a French puppet. Since his appointment in 1949, he has lived most of the time in luxury in France while his people were going through the agony of war. He has served as a loud-speaker through which the French could give the Vietnamese orders.

Last year Ho Chi Minh forced the French, in spite of the American aid they got, to let him have the northern half of Viet Nam. They moved closer then to giving the South Vietnamese independence. But not quite.

Bao Dai, in France, remained chief of state. The United States, now bearing most of the cost of trying to build up South Viet Nam to keep it from communism, pushed the French into naming Ngo Dinh Diem premier.

This man has been described as honest, a nationalist who balked at being led around by the nose by the French. The French began to cool off on him.

Last week an army of bandits, called the Binh Xuyen, who live off the proceeds from houses of prostitution in South Viet Nam, made civil war on Ngo Dinh Diem.

This man has been described as honest, a nationalist who balked at being led around by the nose by the French. The French began to cool off on him.

At this point the question seems to be: How much progress can the United States make in saving South Viet Nam if the French, refusing to learn any lesson, pull in the opposite direction?

Phlebitis Is Inflammation Of the Lining of a Vein

By EDWIN P. JORDAN, M.D.
Written for NEA Service

The condition known as phlebitis or thrombophlebitis is exceedingly troublesome for thousands, and many readers, including G. R., have asked for a discussion of this condition and the best procedure to follow in order to keep it under control.

I might say that this is troublesome to physicians as well as to patients, although considerable progress in prevention and developing methods of treatment have occurred in the past few years.

Phlebitis meaning inflammation of the lining of a vein; thrombophlebitis or phlebotrombosis is used if clots are present inside the veins at the same time. Thrombophlebitis is probably as common as simple phlebitis.

Either disorder certainly causes a lot of misery. Both can result from varicose veins, from injury, from too much bed rest (particularly in the presence of chronic disease), from certain blood diseases, and from a number of other things. Not infrequently a definite cause cannot be found at all.

Phlebitis or thrombophlebitis should not be neglected, particularly because of the hazard of a clot breaking off and going to the lungs, causing what is known as a pulmonary embolism.

When either condition is acute treatment includes absolute rest in bed, raising of the leg (if it is the leg which is involved) and application of heat. After the acute inflammation has subsided the most important problem of treatment is to prevent swelling. Elastic bandages are helpful in this kind of thing, but they must be properly applied.

Phlebitis and thrombophlebitis are hard to cure entirely and show an unpleasant tendency to return. When this happens it may be necessary to remove the inflamed

vein or veins by surgery if it or they are near the surface.

A thorough search for causes of infection is usually made, including examination of the teeth and tonsils. Treatments with small doses of X-rays and the use of one of the sulfonamide drugs or antibiotics may be helpful. Some new drugs have also received favorable reports.

There is increased emphasis today on trying to prevent phlebitis or thrombophlebitis.

This involves a multiple line of attack, but has to be entirely under the direction of a physician responsible for the patient because the method vary so much, and one must take into account other things besides the danger of developing these conditions.

Early rising or mild exercise soon after an operation helps to prevent the blood in the veins from having a chance to stagnate. This does not appear to reduce the frequency of thrombophlebitis, but has cut down on pulmonary embolism. Drugs are also used sometimes to lessen the speed of blood clotting.

New Instant Cake Mix for Delicious Poppy Seed Cake

QUICK AND EASY TO PREPARE is this Poppy Seed cake made with a new instant cake mix.

By GAYNOR MADDOX
NEA Food and Markets Editor

We went to a press luncheon at the Stork Club in New York where a new instant cake mix was introduced. Quite a performance. Really tender, fine grain cake with only one mixing step. Two eggs and water are all you need beside the mix, an egg beater, a bowl and a baking pan. There is only one mixing step in this pleasant business of making a cake.

Mrs. Charles Levin of Johnstown, Pennsylvania, gave us her favorite recipe. It's home style Poppy Seed Cake. This Pennsylvania homemaker adds poppy seeds (which have been previously soaked in water) right to a package of instant yellow cake mix along with two fresh eggs, all at once. The cake is baked in two square pans and is served with a custard filling between the squares and a simple glaze on top.

Poppy Seed Cake

One-quarter cup poppy seeds, 2 3/4 cup water, 1 package instant yellow cake mix, 2 eggs, unbeaten, 1 cup water, Custard Cream filling, confectioners' sugar glaze.

Soak poppy seeds in 2 3/4 cup water about 1 hour. Then place cake mix

in bowl. Add poppy seeds and water, eggs, and remaining 1/4 cup water. Beat 3 minutes until smooth and creamy. Pour batter into two 8x8x2-inch square pans, which have been lined on bottom with paper. Bake in moderate oven (350 degrees F.) about 35 minutes. Cool cakes. Prepare Custard Cream filling and spread between the layers. Make the glaze and spread over the top of the cake. (Store leftover cake in refrigerator.)

Custard Cream Filling
Combine 1/3 cup sugar, 3 tablespoons cake flour, and dash of salt in top of double boiler. Add 1 cup milk and 1 slightly beaten egg yolk, mixing thoroughly. Cook over boiling water about 10 minutes, or until thickened, stirring constantly. Cool; then stir in 1 teaspoon vanilla.

Confectioners' Sugar Glaze
Measure 1 cup after confectioners' sugar into small bowl. Add 1 to 2 tablespoons water gradually and blend well until mixture is thin enough to be poured over cake.

TOMORROW'S DINNER: Fruit cup, ham steak, mustard cream gravy, baked potatoes, quick-cooked new cabbage, rye bread, butter or margarine, poppy seed cake, coffee, tea, milk.

A Glance INTO THE PAST

10 YEARS AGO

The Greene county Farm Bureau had a membership of 1,119.

Miss Valencia Forwood was crowned Queen of May at the annual Jacksonville High School May Festival.

Mrs. Cora M. Funk died at Winchester.

Cold, rainy weather delayed farm work in Morgan county.

20 YEARS AGO

Mrs. Louise Hogan, 90, died at her home at Payette, near Greenville.

Jacksonville received a rainfall of 3.79 inches in a period of 60 hours.

Rose Ellen Arnold, six years old, was injured when struck by an automobile in White Hall.

Jess Willard, former heavyweight boxing champion, spent the night at the Weigand Tourist Camp at Alexander.

50 YEARS AGO

Stephen Conlon, Jr., 22, was found dead in bed at his home northwest of Murrayville.

The Murrayville Telephone company had several miles of wire stretched and had about 50 telephones ready to put in but was delayed by the switchboard being lost in transit.

George Wolke tied his horse to a post at Chapin but when he returned the animal had been stolen. Charles Higgins of Springfield opened a photograph gallery at Meredosia.

SO THEY SAY

It's a great day. It's a history-making day.

—Oveta Culp Hobby, after Salk polio vaccine was announced successful.

This (available as vice president) is sheer bunk and is ridiculous.

—Former President Harry Truman.

Chronic diseases are still a great problem. And they are becoming more so as our population grows older and becomes more susceptible to them.

—Dr. C. J. Van Slyke, National Institute of Health.

I am sure he (President Eisenhower) will come up with the right answer. I don't think there'll be any shooting war.

Birthday Book Big Factor In Presidential Sweepstakes

By PETER EDSON
NEA Washington Correspondent

WASHINGTON (NEA)—In addition to the early spring book on the presidential sweepstakes of 1956, there is also the birthday book to consider.

For say what you like about tough and indestructible politicians still going strong in their 70's and 80's, the responsibilities of the American presidency are nothing for a tired man to tackle.

Only seven of the 34 U. S. presidents have taken office at age 60 or more. They were:

John Adams, 61, who finished his term and lived to be 90.

Andrew Jackson, 61, who finished his term and lived to be 78.

William Henry Harrison, 68, who died a month after inauguration.

Zachary Taylor, 64, who died 16 months after inauguration.

James Buchanan, 65, finished his term and lived to be 77.

Harry S. Truman took office at 60, was president more than seven years and is still going strong at 71.

Dwight D. Eisenhower was 62 at his inauguration and will be 66 at the end of his first term.

That is more years than any other president has had at the beginning of a term, except William Henry Harrison.

SOUND IN HEALTH TODAY. President Eisenhower may well expect the longevity of Andy Jackson, James Buchanan or Harry Truman.

Other presidents who have lived to ripe old age after retirement include Thomas Jefferson 83, James Madison 85, John Quincy Adams 80, and Herbert Hoover 81.

But what about the other politicians who are being mentioned as presidential possibilities for the 1956 race? The age limit would seem to raise barriers against many hopefuls as well as the still-undecided Eisenhower.

In 1956 Secretary of State John Foster Dulles will be 68. He ran fourth in the recent Gallup poll.

Secretary of Treasury George M. Humphrey is six months older than President Eisenhower. He wasn't mentioned in the Gallup poll and he says he wants no part of the job but he has considerable support none the less.

Chief Justice Earl Warren, who has now taken himself out of the 1956 race though he ran first in the poll, will be 65 next year. He is a year and a half younger than Ike.

THIS MATTER CUTS ACROSS party lines into the Democratic camp, too.

Sen. Harry Flood Byrd of Virginia, whom a lot of people have wanted to see in the White House for a long time, will be 68 this June 10.

Gov. W. Averell Harriman of New York will be 64 on November 15. He was an open candidate for the Democratic nomination in 1952. His election to the New York governorship last year is supposed to have raised his presidential stock for next year. But he is only 13 months younger than President Eisenhower.

Among the others who will be past the three-score mark in 1956 are Republican senators John W. Bricker (Ohio), who will be 63 and Everett M. Dirksen (Ill.), who will be 60.

Gov. Frank J. Lausche (D-Ohio) will be 60 in November. Sen. Richard B. Russell (D-Ga.) long-time favorite of the South will be 58 in November.

FBI Director J. Edgar Hoover, a dark-horse favorite in some parts of the country will be 61 next Jan. 1.

IN THE 50's, THE REPUBLICANS have Gov. Goodwin J. Knight (Calif.) who will be 59 in December. Also ex-Gov. Thomas M. Dewey (NY) and Ambassador Henry Cabot Lodge, Jr. (Mass.) who are 53 this year.

The two Democratic candidates of 1952, ex-Gov. Adlai Stevenson (Ill.) and Sen. John Sparkman (Ala.) are now 55. Sen. Stuart Symington (D-Mo.) and Sen. Estes Kefauver (D-Tenn.) will be 52 in June and July.

In the 40's the Republicans have Sen. William F. Knowland (Calif.) at 47, Sen. Joseph R. McCarthy (Wis.) and ex-Gov. Harold E. Stassen (Minn.) at 46 and Vice President Richard M. Nixon (Calif.) now 42.

The Democrats offer Sen. Lyndon B. Johnson (Tex.) at 47, Gov. Richard B. Meyer (N.J.) at 48 and Gov. Mennen Williams (Mich.) at 44.

Every Mom Cherishes Fond Memories of Mother's Day

In the last few years it has been considered mawkish sentimentality to say anything good about mothers. When "momism" came into the language "respect for motherhood" became old hat.

The new attitude that mothers as a group can be blamed for anything, but praised for nothing, has now become so widespread that if a writer mentions Mother's Day in print, he feels he has to hunt around for ways of poking fun at the idea. Others feel they must point out that it is nothing more or less than a scheme to put money in the pockets of shopkeepers, florists and the telephone and telegraph companies.

That is the trend of the times, but this column isn't going to follow the trend.

For no matter what anyone says against Mother's Day, most happy mothers carry in their memories an unforgettable series of pictures of Mother's Days.

LET'S NOT BE TOO SOPHISTICATED

The first ones are memories of a two or three-year-old sharing with his father the "big surprise" in store for Mama, the girl picked out by Daddy, but the young one's very own to bestow bright and early on the morning of Mother's Day.

Then comes the Mother's Day when the child went along and helped select Mother's gift, though it was still paid for by Dad.

And then perhaps the proudest Mother's Day of all, the first time the child bought a present for his mother with his own money, saved up for this most important gift.

Later, the memory of gifts from a grown child away from home, too busy to write often but never so busy as to overlook Mother's Day.

So let's not be too sophisticated to let ourselves be sentimental about Mother's Day. It is a fine day, and it is in praise of a lot of hard-working women who often go a long while without any praise at all.

Manners Make Friends

The bride who receives a gift from a husband and wife should either write her thank-you note to both of them or if it is addressed to the wife alone, the husband should be included in her words of thanks.

After all, it's the husband who will probably get the bill for the gift.

In the United States, cancer kills more children from 3 to 15 years old than any other disease.

Interpreting The News

By J.M. ROBERTS

Associated Press News Analyst

Nationalist China's reiteration that she will not evacuate Quemoy and Matsu and that she will "never" confer with the Chinese Reds is an important roadblock in the way of any American negotiations with Peiping.

To the casual observer it may appear that Taipei is merely producing big words—subject to change if the United States chooses to apply the screws. To a limited extent—limited by the reluctance of the United States to use coercion—that might be true.

The practical effect of the Nationalist stand, however, is on the attitude of the Reds themselves. There has been some thought the Reds, in the midst of a sweetness and light campaign to convince Asia that it need not fear aggression from them, might make a cease-fire deal. This thinking has revolved around giving them enough to save face for them—perhaps giving them the small islands and promising to hold a conference on political settlements after the shooting was dropped, as was done in connection with the Korean truce.

The world Communist movement, for its own purposes, is going all out for conferences these days. The promise of the islands

The finale in three parts is: Decathlon, Junior and senior high boys; Stunts by seventh and eighth grade girls and Wrestling by high school boys.

The accompanists for the dances will be Janice Avery and Velma Gravens.

Teen-Age Violence That Killed Boy, Flares Up Again

NEW YORK (AP) — The teen-age hatreds that killed 15-year-old William Blankenship Jr. flared anew Monday night.

There were angry voices of juvenile hoodlums outside a Bronx funeral chapel after religious services for the high school honor student, killed Saturday by a bullet of a youth gang member.

Police dispersed the crowd of some 100 persons outside the chapel after a group of teen-agers threatened to attack news photographers who tried to photograph them.

Police assumed the teen-agers, including several girls, were partisans of Frank (Tarzan) Santana, 17-year-old Bronx gang member, who is charged with homicide in young Blankenship's slaying.

The new flareup of teen-age trouble came shortly after civic and religious leaders called on New Yorkers for effective measures to fight juvenile crime.

Police Commissioner Francis W. H. Adams said Sunday that the rate of juvenile crime is "alarming."

Young Blankenship, son of a civic leader and fighter against juvenile delinquency, was shot because the gang mistook him for a member of a rival group. The feud between the gangs was over the use of similar jackets, police said.

CHICAGO CONSIDERS KEEPING FAST TIME FOR EXTRA MONTH

CHICAGO (AP) — A plan to keep Chicago on daylight saving time an extra month was approved unanimously Monday by the City Council's committee on judiciary and state legislation.

The ordinance proposal goes to the full City Council May 12. Its adoption is expected.

The plan would continue daylight saving time each year one month after it has been dropped heretofore—until the last Sunday of October.

Daylight time is observed now from the last Sunday in April until the last Sunday in September.

New Floor Care Ends Waxing

One of the difficult jobs of house-keeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

LOST 70 LBS. WITH RENDEL RECIPE

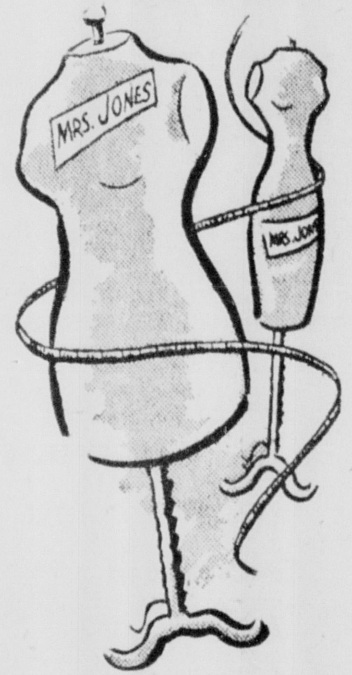

CHICAGO, ILL. "After trying other products without success I started taking Rendel Concentrate. Rendel really worked for me as I have lost 70 lbs. and now weigh 130, and I have the pictures to prove it. I find the Rendel home recipe simple to make and wouldn't be without it. My friends and children have given up waiting for me to get fat again now that I keep Rendel on hand. I look and feel much better and sincerely recommend others trying the Rendel way to reduce." So writes Mrs. Jeanne Westfall of 2850 N. Clark St. Get Rendel at your drug store.

when you buy property. . . how do you know it's exactly as described?

A LAWYER CAN TELL YOU. He'll find out if the property you're buying fits the legal description—and if all details are as they should be.

He'll go over the papers you're asked to sign . . . see that you don't sign until your rights are protected. If there is anything you do not understand, he'll be glad to make it clear.

That's the lawyer's job: to look after your interests.

Protect what you buy . . . with a
Chicago Title Guarantee Policy

As your lawyer will tell you: if there is a claim against your real estate title—perhaps a former owner has an undisclosed heir, or there are judgments undetected because of similarity in the spelling of names—such defects or claims can threaten your right of ownership. Happily, there is a way to protect your rights—with a Chicago Title Guarantee

Policy, issued right here in town. If your title as guaranteed is ever questioned, Chicago Title and Trust Company instantly engages local counsel in its defense . . . assumes all litigation costs . . . pays any loss promptly. Insist that the seller provide this policy; once you have a Chicago Title Guarantee Policy, there is no cost to keep it in force.

cape. The skirt was gathered full at the small waistline of the fitted bodice. She carried a bouquet of yellow chrysanthemums and wore a matching headpiece.

Mrs. Noble, mother of the bride wore navy blue crepe with organza trim and blue and white accessories. Mrs. Eilering, mother of the bridegroom, wore navy blue also with blue and white accessories.

A breakfast was served at the hotel to members of the wedding party and the couple's families at nine-thirty. The table decorations were in white and pink with white carnations and snapdragons forming the floral centerpiece and white tapers on either side. Assisting at the reception were Mr. and Mrs. S. C. Martin and Mr. and Mrs. George Eilering.

When the couple left for a honeymoon in the Ozarks, also visiting the Merrimac caverns, the bride was wearing an apricot colored dress, with white embroidery trim and complimenting accessories. Mr. and Mrs. Eilering are now at home at 1020 Lake Drive.

The bride graduated from the Jacksonville high school in 1954 and is employed at the Kresge dime store. The bridegroom graduated in 1948 from the local high school and is employed as a cutter at J. Capps and Sons Clothing factory.

Special guests at the wedding were Mr. and Mrs. Edward Eilering and Miss Josephine Harr of Albers, Mrs. Arra Noble of Girard and Mrs. Florence Noble of Arenzville.

LOOKING FOR MORE VALUE from your motor car dollars? Then, look no more. Ford brings you a wealth of fine-car features that even some of the higher-priced cars can't match.

For example, the chart above shows that in feature after feature Ford gives you *everything* you have come to expect in a medium-priced car ... and *more*. Yet, a Ford Fairlane Town Sedan costs* you less than the *lowest-priced* comparably equipped 4-door sedan of four popular medium-priced makes.

And, with Ford recognized as the style leader ... "at home" wherever you may go ... why pay more?

Feature for feature ... price for price ... you can't buy better than Ford.

Unit 27 Attains 7 Superior Marks In State Contest

A number of Community School Unit 27 students participated in the State Music contest in Charleston, Ill. Friday, April 29.

Those receiving "Superior" rating were Helen Kolberer and Shirley Ginder, B flat clarinet solos; Marilyn Tegeder, bass clarinet solo; a trumpet quartet composed of Ronnie Schnitker, Jerry Lovekamp, Mike Abernathy and Gary Nelson.

"Excellent" ratings were given a saxophone duet by Roberta Hierman and Barbara Schnitker; a saxophone quartet composed of Carolyn Hacker, Sandra Aufdenkamp, Marlene Joekel and Carroll McGinnis.

"Good" ratings were given the boys male quartet composed of Dale Strubbe, Robbie Wessler, Jerry Lovekamp and Neal Hart; a tuba solo by Robert Wegelhof and a clarinet quartet composed of Kay Wessler, Susan Shannon, Jeanne Saylor and Marilyn Tegeder.

Accompanists were Marian Deitrick, Robert Wegelhof, Mrs. Harold Wessler and Mrs. Margery Robertson.

Others attending the contest were Mrs. Alvin Ginder, Mrs. J. H. Nelson, Mr. and Mrs. J. A. Shannon, A. C. Hart, Harold Wessler and James Brewster.

HARRIETT LEE IS 2ND PLACE WINNER IN ESSAY CONTEST

A duplication in the names submitted by the Morgan County Historical Society in a previous published story resulted in the omission of the name of the Jacksonville high school student that tied for second place in the essay contest recently sponsored by the Society.

Miss Harriett Lee, junior student at the Jacksonville high school, who wrote "The Founding of Illinois College," tied with Donald Stewart for second place in the contest. Miss Lee is the daughter of Mr. and Mrs. Herbert Lee of this city and is a pupil in Miss Mann's English class.

Lincoln School Students Show P.E. Feats

The April meeting of the Lincoln school P.T.A. was held on Tuesday evening, April 26, at 7:30 p.m. at the school.

The meeting was opened by the president, Mrs. C. L. Kanatzar. Mrs. Kanatzar encouraged the members to study and familiarize themselves with the bills which are being introduced in the state legislature concerning the one cent sales tax and the state board of education.

Mrs. Kanatzar spoke briefly concerning the fifty-third annual convention of the State Parent-Teachers Association which was held recently at the Conrad Hilton hotel in Chicago and to which she was a delegate. Mrs. Kanatzar said that she had no idea how effective the work as outlined by the state and national Parent-Teachers Association can be, particularly when we realize that it is the only organization where in teachers and parents can work together for the good of our children.

Mrs. Farrell Wilson, program chairman, introduced Leon Gierke the physical education instructor at Lincoln school, who explained that the students of each grade level would demonstrate for us the various body building activities that take place during the daily physical education classes. These activities

include singing games, rhythmic activities, folk dances, team games, stunts and tumbling.

The students of each grade level were introduced and demonstrated for their parents the various activities taught during the physical education class hour.

A social hour followed the meeting with refreshments served by the first and second grade mothers from Miss Spire's room with Mrs. A. W. Applebee and Mrs. Clifford Thaxton, co-chairmen.

CONCORD

David Rayborn was honored by a supper on his 17th birthday by his parents, Mr. and Mrs. John Rayborn. Those present other than the guest of honor was Robert Wegehof, Richard Williams, Larry and Billy Smith, Lonnie and David Vincent, John, Charles, Mary, Sara and Joseph Rayborn.

Mrs. Susan Baker is visiting at the home of her daughter, Mrs. Russell Ogle in Jacksonville.

Mr. and Mrs. Walter Williams were in Macomb on Wednesday.

Mrs. Ruth Robson and daughter Dottie Kay of Meredosia visited on Wednesday with Mrs. Mattie Daniel.

The eighth grade pupils of the Concord school were in Springfield on Tuesday visiting historical places of interest. Cars were driven by Darrell McGinnis and Mac Baise.

Mrs. Aubrey Dunning has returned home after spending a week at Iowa City hospital for observation and treatment.

STARRY EYES AND NAMES—They may not look familiar, but they sure sound it. These two romancers at Biloxi, Miss., have names as well known in the U.S. as Dan Cupid's. They are Airman Gary Cooper of Buffalo, N.Y., and Greta Garbo of Laurel, Miss.

PITTSFIELD

PITTSFIELD—Mothers of students at the University of Illinois who attended Mother's Day recognition ceremonies at Champaign on Saturday were, Mrs. Hicks Petty, Mrs. Forrest Paxton, Mrs. William Forgy and Mrs. Park Lacy Sr.

Pfc. and Mrs. Keith Smith arrived home the last of the week from Germany, where he has been stationed at Karlsruhe for the term of his service and Mrs. Smith had joined him a year ago. He received his discharge from the service in the east and plans to resume his partnership with his father, Clement Smith, in the Shell Oil Service here. Mrs. Smith is the former Darlene Totsch, daughter of Mr. and Mrs. George Totsch of West Grant street.

Larry Grimes, nine year old son of Mr. and Mrs. Ora Grimes, won first prize in a contest sponsored by the Jaycees of Quincy, in which contestants wrote in fifty words or less on the subject "Why I Like Baseball." As his prize he rode with his father in the Gems Baseball parade on Tuesday in Quincy and took a road trip with all expenses paid with the Gem team, and other prizes. Larry is a student in the fourth grade of the elementary school here. His teacher, Mrs. Virginia Combs, is high in her praise of his school work.

DEATH OF A LEGEND

By WILL HENRY

XX
DETECTIVE LULL was still alive when the third of the Pinkerton "eyes" dispatched in haste from the Chicago home office, arrived in Clay County. He was James W. Whicher, described in company files simply as "26 years old, an excellent operative."

Early Sunday morning he set out on foot for Kearney, as the old home town of Centerville was now being called. At Kearney, he began at once working toward the Samuel farm, stopping along the route to inquire for work at the neighboring places. It is known that one James Latche, a Jackal to Jesse's pack of lions, left Kearney shortly after Whicher did—and arrived at the Samuel farm considerably before him. The mills of the Clay County demigods were aground.

At 1 a. m. the following morning, the ferryman of the Owens Ferry, operating across the Missouri between Clay and Jackson counties, was dragged from his shack by three horsemen. All wore woollen mufflers pulled high about their faces.

Their leader, "a smallish, nervous man with a dark beard," identified his group in a "high, excited voice."

"We're Deputy Sheriff Jim Baxter's posse," he growled. "We caught a horse thief and we aim to take him to Jeff City where we'll get his mate."

As the ferry left the Clay County shore, its frightened pilot looked in vain for the familiar face of Deputy Sheriff Jim Baxter among his mounted passengers. There were only the three face-hidden horsemen and the unfortunate "horse thief," bound and gagged aboard the fourth, led, mount. On the far side, the posse paid its proper fare, rode quickly away.

At 10 a. m. the same morning, the body of a man "with a rope around his neck, nine shot wounds in his chest and head,

and his face and arms partly eaten away by wild hogs," was found face-down in a pool of blood on the Independence Road. A week later a sharp-eyed reporter from Kansas City identified the remains by small, tattooed initials on the right wrist. It was Jim Whicher.

IN the Kansas City home of her married sister, Zerelda Mims watched out the front window. Behind her in the prime neatness of the frontier parlor, a nervous clansman - of - the-cloth coughed uneasily, thumbed his bookmarked Old Testament repeatedly. About him, equally ill at ease, huddled a dozen friends.

At last, he came. And with him, right and left, came Cole and Frank. The fall of the cutaway was slightly disturbed below the waist, as would be only natural to the cross-belted sag of the two heavy revolvers beneath it. The small hands, gloved as always to cover the missing tip of the middle finger of the left hand (shot away, tradition says, by Judge McLain in the long-ago Savannah robbery), were carried properly enough across the saddlehorn. But also carried across that saddlehorn, unbooted and naked in the April sun, was a late model carline.

Even on his wedding day, April 24, 1874, Jesse James was taking no chances.

On Dec. 12, at Muncie, Kans., eight miles west of Kansas City, a band of 11 calico-masked outlaws boarded the 4:45 express. The passengers and the two bonded express messengers were relieved of \$60,000 in cash and jewelry. The getaway was familiarly succinct: the bandit leader rode easily up alongside the cab of the locomotive, waved his pistol and airily instructed the engineer: "Get going and give our love to Kansas City."

Early in the evening of the

26th, the marshal of Kansas City arrested one Bud McDaniels on the routine charge of shooting up the town. On Mr. McDaniels' dead-drunk person was found \$1000 in fresh cash. The Pinkertons took over.

Mr. McDaniels talked. He had been at Muncie. He didn't remember all the others. He remembered Clell Miller, Clell's brother Ed, Jim Cummins, Charlie Pitts, couple of others. Maybe the James boys?

Well, naturally, Frank and Jess! That all? How about the Youngers? Bob? Jim, maybe? Well, yeah—Jim anyways. Nobody else? Cole, for instance? Oh, Cole, sure. Anybody ever see Jess without him?

THE posse, fortified by local peace officers and just plain citizens who had had enough of the gang's terrorizing, left Kansas City via a special train supplied by the Hannibal & St. Joe Railroad. The coaches were darkened, the members of the posse slipping aboard at five-minute intervals. Once across the Hannibal Bridge into Clay County, the train was pulled onto the spur at Kearney. On foot, its passengers spread through the snowy timber toward the Samuel place.

The house was dark. No warning was given.

Through the west window, a flaming metal object was tossed. By its glare, the posse saw the room's occupants: Dr. and Mrs. Samuel and the two small Samuel children. Suddenly, there was a flashing explosion. The Pinkerton men rushed forward.

In the house they found Dr. Samuel unconscious, bleeding from multiple wounds. By the blackened fireplace stood Zerelda Samuel, her right arm a shapeless pulp. On the floor lay eight-year-old Archie Samuel, Jesse's half-brother and prime family favorite, a gaping hole torn in his side.

The boy died the next morning, even as Dr. Samuel was amputating his wife's mutilated arm.

Perfume That Clings

Q.—Dear Penny: I adore perfume, but for some reason or other its fragrance just does not last on me. I have told several of my friends that I want a new perfume, but first I must find out about a lasting one. —Mrs. A. W.

A.—A particularly good idea for women who claim that perfume does not "stay with them" is a Liquid Skin Sachet. It smooths on the skin very easily, and lingers longer because of its sachet base. It has a slower rate of diffusion and evaporation than any other type of fragrance and was originated by Houbigant. Try their Chantilly Liquid Skin Sachet. Only \$1.85 plus tax at LONG'S PHARMACY

Crimsons Score 4 In 3rd; Lewis Hurls 6-2 Win Over Saukees

The Jacksonville Crimsons scored four times in the third inning yesterday afternoon and went on to defeat visiting Pittsfield 6-2 behind the four hit pitching of Bill Lewis. The JHS fireballer pitched good ball all the way giving up both home runs in the sixth inning. A base on balls, an error and a single accounted for the two runs. The Jacks scored all their runs in two innings. The big frame for the

Kaline's Homer Gives Tigers 4-2 Win Over Bosox

DETROIT (AP)—Al Kaline's sixth home run of the season, with a man on base in the fifth inning, helped sweep the Detroit Tigers back into a tie for first place in the American League Tuesday with a 4-2 victory over the Boston Red Sox.

Kaline tied for the league home run lead with Sherman Lollar of the Chicago White Sox. The loss was the sixth straight for the Red Sox. Kaline, the Tigers' sensational 20-year-old outfielder, homered with Harvey Kuenn on base in the fifth.

The blow erased Boston's 2-1 lead and put the Tigers ahead to stay. It also knocked Ike Delock out of the game, squaring his record at 2-2.

Billy Hoelt went all the way for the third straight game, running his record to 3-1. The 24-year-old southpaw had little difficulty after giving up two runs in the third. Detroit 002 000 000—2 6 0. Delock, Kiely (5), Susce (7) and White; Hoelt and Wilson. L—Delock.

Home run—Detroit, Kaline.

EXPECT HOT DAY FOR DERBY RUNNING

LOUISVILLE, Ky. (AP)—The outlook for the 81st Kentucky Derby Saturday is a hot day and a dry track, the Weather Bureau cautiously announced Tuesday. "I am not making any firm prediction," said meteorologist O. K. Anderson, "but at this time, the chances of rain on Derby Day seem quite remote."

A's Nip Orioles 4-3 On Homer

KANSAS CITY (AP)—Bill Wilson smacked a home run with two men on Tuesday night to give the Kansas City Athletics a 4-3 victory over the Baltimore Orioles.

The blast over the left field fence knocked Irv Palica, the Baltimore right-hander, out of the box and saddled him with his third loss against one victory.

Ed Burtch, who relieved Art Cecarrelli, A's rookie, in the eighth, got credit for his second victory against no defeats. He had to have help from Tom Gorman to stem an Oriole rally that almost pulled out the game in the ninth.

CHICAGO (AP)—Veteran jockey Tony Skoronski was put out of action indefinitely Tuesday with a fractured wrist.

He was injured Monday in a freak head-on collision of two horses during pre-race warmups at Sportsman's Park. An X-ray Tuesday showed the extent of the injury, apprentice jockey Art Forrell suffered a broken leg in the same accident.

Tigers Rally In 4th To Defeat Rockets 8-5; Broseghini Hurls

The Illinois School for the Deaf Tigers scored two runs in the top half of the first inning and went on to defeat Routt 8-5 in an intracity clash on the IC field yesterday afternoon.

Ronald Broseghini took the mound for the Tigers and went all the way giving up four hits and striking out nine Rockets. The Routt pitching was divided between Joe Shanahan and Pat Dowling. Shanahan hurled the first four innings but a four run fourth by the Tigers brought Pat Dowling from short to hurl the fifth, sixth and seventh.

ISD scored its two runs in the first inning after two men were out. Rampley started it off with a single. Two straight errors plus a single by Bob Harrell accounted for the two runs.

Routt came back in their half of the inning to score once. Pagano led off with a single and scored on an error and a fly ball.

The Rockets scored again in the bottom of the second without the benefit of a base hit.

The Tigers scored twice in the third on two base hits. Kutilek's triple was the big blow of the frame. Broseghini connected for a single in this inning.

ISD scored four times in the fourth on the two hits. Rocket errors were instrumental in their two runs.

Routt ended its scoring in the final innings as they pushed two across without a hit. Wildness hurt the Tiger hurler in this frame.

It was the final game of the year for Routt.

Brooks Can Look For Trouble: Charley Grimm

By JOE BRADIS
PITTSBURGH (AP)—Charley Grimm, manager of the Milwaukee Braves, said Tuesday the Brooklyn Dodgers' unprecedented start is fantastic. But they "can look for trouble."

"Don't worry," Grimm told the Pittsburgh Grandstand Managers luncheon. "They'll have a lot of trouble from the rest of the teams before it's all over."

"They've been getting every conceivable break but it isn't a luck," continued Grimm. "They've got a good ball club."

"But it is going to be quite a race despite the Dodgers' 16-2. We've got a balanced league and the Dodgers can look for trouble from everybody."

Grimm blames his club's fourth place standings on the lack of hitting.

"We've got the potential," commented Grimm, "but it makes you sit and wonder, 'I'm sure we'll catch up before the season's over.'"

Sugar Ray Continues Comeback Tonight

DETROIT (AP)—Sugar Ray Robinson continues his comeback Wednesday night when he meets Garth Panter of Salt Lake City in a non-television 10-rounder in Olympia Stadium.

It will be the fifth fight in Robinson's none-too-impressive comeback, which he eventually hopes will lead to a title shot at middleweight champion Carl (Bobo) Olson.

Robinson, 35, has won three fights while losing one in his return to the ring after an absence of 30 months.

Panther, 24, has lost six of his last seven starts.

The bout will not be broadcast. And there will be no nationally televised fight Wednesday night because of the usual one-in-four weeks rotation which gives the TV time over to a dramatic show.

White Sox Jar Senators 5-3

Bluffs Pounds Perry 23-3; 7-1 Loop Record

PERRY (Special)—Coach Harold Hillman's Bluffs Bluejays won their second PMBC conference game in two days yesterday as they defeated Perry 23-3 for their 7th conference victory of the year as against one loss.

Raymond Davis hurled the five inning tilt for the Bluejays and gave up six hits. Merriman and Barnett were the big guns in the Bluffs' attack. Merriman had a homer, double and triple while Barnett had four for five.

Monday afternoon the Bluejays defeated Chandlerville 14-3. Kesterson was the winning pitcher. Graves' first inning double with the sacks loaded and Likes' homer were the big blows of the game.

Bluffs journeys to Winchester Friday for their next game and meet ISD Monday for their final conference contest.

Indians Trip Yankees 7-4 On Berra's Muff

CLEVELAND (AP)—Catcher Yogi Berra's muff of an outfielder's throw after Bob Avila's bases-loaded single in the seventh inning provided the Cleveland Indians a margin of three unearned runs in a 7-4 victory Tuesday night over the New York Yankees.

The victory in the first 1955 meeting of the pennant rivals kept the Tribe in first place.

Avila came to bat in the seventh after southpaw Eddie Lopat had filled the bases on two walks and a double by Hank Foiles. Avila's single to right field scored the run which tied the game at 4-4.

When Berra muffed the throw-in from Hank Bauer, two more runs came in, and Avila took third. Vic Wertz brought Avila home with a single, and Tom Morgan replaced Lopat to check the Tribe the rest of the way.

Mike Garcia was the winning pitcher. But Garcia was behind when he left the game for a pinch hitter in the Tribe's seventh-inning rally because Mickey Mantle had tagged him for a three-run homer in the sixth inning.

Percy Bassett Suffering From Eye Ailment

PARIS (AP)—American featherweight boxer Percy Bassett of Philadelphia is suffering from an eye ailment and may never be able to fight again, his manager said Tuesday.

Manager Quenzall McCall said Bassett's trouble was diagnosed by French doctors as a detached retina. He said Bassett will fly to Philadelphia and enter a hospital there Wednesday.

McCall said Bassett reported the ailment only Monday.

Bassett told doctors his vision occasionally had been blurred before his last fight with French lightweight champion Seraphin Ferrer.

That was April 24, when Bassett came from behind in a grueling fight to win a 10-round technical knockout. His left eye was badly swollen.

BRADLEY WINS 20-9

PEORIA, Ill. (AP)—A pair of booming 400-foot home runs by first baseman Lee Ut Tuesday powered the Bradley Braves to a 20-9 victory over Arkansas.

Farmer, Hazelrigg Spark Blueboys' 9-7 Victory At Principia

ELSAH (Special)—Four home runs were included in the seven hits Principia collected off IC hurler Gene Farmer who the Ashland High School product held the hosts in check in the final innings to gain his third win of the year and IC's fourth by the score of 9-7.

The four homers and a triple hit by IC's Roger Curfman were all blasted past the leftfielders and down a cliff.

The big inning for the Blueboys was the third when 10 batters went to the plate and six scored. IC collected only two hits in this frame. The timely hits were singles by Hazelrigg and Farmer. Principia helped the visitors cause by committing two errors.

Principia's four homers were collected by Anderson, Munnecke, Teicher and Ellis.

IC's Don Hazelrigg continued his great hitting with three for five lifting his season's average to close to the 500 mark.

The Blueboys will be idle until they travel to Greenville next Tuesday.

Cubs Defeat Giants 6-0 Behind Bob Rush

NEW YORK (AP)—Bob Rush colored the New York Giants with four hits Tuesday night and the Chicago Cubs hammered out a 6-0 victory over the world champions on a base-clearing triple by Bob Speake and a pair of booming triples by Dee Fondy.

It was the first pitching victory of the year for Rush, who had started five times and had been charged with two heartbreaking losses to Milwaukee and Brooklyn.

The loser was Jim Hearn, who had won three games without a setback before facing the Cubs. Speake's triple was a long drive to left center in the first inning after two errors and a walk had filled the bases. Fondy's smashes

came in the second and eighth innings and each time scored Jim Bolger.

Fondy himself scored the sixth Chicago run in the seventh on Randy Jackson's deep fly to center. Rush was masterful on the mound for the Cubs. Until the ninth when Don Mueller doubled with two out he didn't allow a man to reach second.

With two on base in the ninth, Rush forced Willie Mays to foul out.

Flying Fury With McCreary Up Nabs Derby Trial

LOUISVILLE, Ky. (AP)—Flying Fury gave the Cain Hoy Stable of Capt. Harry F. Guggenheim a powerful one-two punch for the Kentucky Derby when he captured the \$14,850 Derby Trial Tuesday.

The son of Nasrullah, ridden for the first time by that famous come-from-behind jockey, Conn McCreary, will team up Saturday with Racing Fool, a speedster with a record of four straight wins.

They will threaten the highly regarded Nashua and Summer Tan in Saturday's classic at Churchill Downs.

McCreary, twice winner of the derby, brought Flying Fury through on the rail to edge by a nose Jean's Joe.

Nabesna was third and Honey's Alibi fourth in the field of nine 3-year-olds.

Flying Fury stepped the mile in 1 minute, 38 seconds.

Three horses—Citation, Hill Gain and Dark Star—have gone on from the Derby Trial to victory in the derby.

Flying Fury paid \$7.80 to win backers.

New York Stock Market

NEW YORK (AP)—A short burst of concentrated selling weakened prices Tuesday in the stock market.

The selloff came in the final hour but before the close there was marked recovery in many major sections of the list.

Losses, nevertheless, ran to around \$5 at the outside with many declines in the \$1 to \$3 range. Plus signs seldom reached \$1.

Brokers were inclined to regard the selling that passed in a matter of minutes as a profit taking spree that was well absorbed.

The market currently is around the highest levels in its history, and reactions of varying sizes are to be expected now, it was explained. They felt, however, that such selling bursts if intensified in severity and frequency could indicate market weakness.

Aircraft were a selling target. They have been among the greatest recent gainers. Also involved in the selling were the steels, rubbers, railroads and motors.

The Associated Press average of 60 stocks was off \$1.80 at \$163.00. The average held unchanged Monday.

The industrial component was lower by \$2.10, railroads were off \$2.70 and utilities were down 40 cents.

Volume came to 2,630,000 shares as compared with 2,220,000 shares traded Monday.

The American Stock Exchange was lower. Volume was 730,000 shares, the same as Monday.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—Salable hog receipts were a little under expectations Tuesday and hogs gained 25 to 50 cents in the fairly active trade.

Receipts totaled 8,000 head, 1,000 less than expected. Most choice 190 to 230-pound butchers were taken at \$17.25 to \$17.75. One deck hit \$17.85, highest since mid-April. Buyers paid \$12.50 to \$15.50 for hogs.

Quotations on steers ranged from steady to strong. Average choice to low prime kinds were in best demand. Heifers held steady. Good and choice brought \$20.00 to \$24.75. Comparable heifers sold at \$19.50 to \$23.25. Receipts totaled 6,000.

Cows were fully steady at \$12.00 to \$15.00 for utility and commercial. Vealers were steady to \$1.00 higher at \$22.00 to \$27.00 for good and choice and \$21.00 to \$21.00 for utility and commercial.

Salable sheep receipts totaled 1,500. Lambs were steady to 50 cents lower. Buyers paid \$20.00 to \$21.50 for good and choice wooled slaughter lambs.

New York Bond Market

NEW YORK (AP)—The corporate bond market declined irregularly Tuesday as activity increased.

"Big Board" volume rose to \$4,250,000 par value from \$3,771,000 Monday when the corporate list was narrowly mixed. Taking their cue from the stock market, most convertible bonds were off a point or slightly more. Medium and high grade issues favored the minus column, but most losses were fractions.

U. S. government bonds were fairly steady.

WHEAT MAKES STRONG RALLY, OTHER GRAINS RISE IN SYMPATHY

By WILLIAM FERRIS

CHICAGO (AP)—A strong rally in new crop wheat futures featured dealers on the Board of Trade Tuesday. Other grains steamed in sympathy with wheat after being under the previous close most of the day.

At one time all new crop wheat deliveries had small losses while the May delivery was down two cents. On the ensuing rally May lagged, but managed to go above the previous close by a fraction on a late spurt. All new crop wheat futures ended at the day's highs.

Wheat closed 1/2-3/4 higher, corn 1/4-3/8 higher, oats 1/4-1/2 higher, soybeans 1/4-3/4 higher, and yard 7 cents lower to 15 cents a hundred pounds higher.

Wheat started to advance first at Kansas City, where substantial gains were made despite the fact it will not be long before the new crop starts coming to market. This Kansas City upturn touched off the buying in Chicago.

Soybeans ended higher for the second day this week, although they spent most of the session below the previous close. Their rise was largely in sympathy with wheat. While cash bean receipts continued light, bean meal tumbled to a new low for the year in the cash market at \$54.50 to \$55.50 a ton.

New Standards For Soybeans Effective Sept. 1

WASHINGTON (AP)—The Agricultural Department will revise official standards for soybeans effective Sept. 1, lowering the percentage of foreign material allowed in each of the numerical grades by 1 per cent.

Foreign material will be limited to 1 percent in the No. 1 grade, 2 percent in No. 2 grade, 3 percent in No. 3 grade and 5 percent in No. 4 grade.

The revision also fixes special limits on heat-damage of two-thirds of 1 percent in No. 2, 1 percent in No. 3 and 3 percent in No. 4. It also redefines splits as pieces of soybeans that are not damaged; restricts the grade of purple mottled or stained soybeans to not higher than No. 3, and makes certain other minor changes in the nature of refinements designed to facilitate the application of the standard.

No change will be made in the standards with respect to class definitions or in the maximum limits of moisture.

The department said the revised standards are being issued after careful consideration of all information received at public hearings, and in writing, on a proposal advanced early this year to revise the standards.

State Legislature

Firemen's Work Week

SPRINGFIELD, Ill. (AP)—A bill reducing the work week of downstate firemen to 56 hours was approved Tuesday by the Illinois House Municipalities Committee over objections that cities don't have funds to meet the added expense.

The committee voted 19 to 4 in moving the bill to the House floor after Rep. Carl Soderstrom (R-Springfield) and his father, R. G. Soderstrom, president of the Illinois Federation of Labor, spoke for the measure.

The younger Soderstrom said many firemen are working an 84-hour week while industry has a 40-hour week.

Mayor Nelson Howarth of Springfield and City Atty. Alvin Lacey Williams of Mount Vernon said if the Legislature approves the bill, the lawmakers also should provide the money for hiring additional firemen.

Their stand was seconded by Mayor Paul Johnson of Moline and City Corporation Counsel Max Lipkin of Peoria.

Howarth said the fire protection fund in Springfield already is overdrawn \$23,000.

Williams said enactment of the bill would cost Mount Vernon \$14,400 a year for salaries of additional firemen.

"Mount Vernon has no more sources of revenue," he said.

Maurice Scott of the Taxpayers Federation of Illinois presented a chart listing hours worked by firemen in 25 downstate cities. Springfield was the lowest with 63 hours. Many cities have 72 hours.

Toll Road Probe

The Illinois House Tuesday ordered nine of its members to make a broad investigation of the Illinois Toll Road Commission.

The action brought to a climax the angry criticism which had broken out from time to time in the House against the commission, its operations and Chairman Evan Howell.

After the House adopted the resolution for the investigation, Speaker Warren Wood named the nine legislators headed by Rep. David Hunter (R-Rockford) to conduct the inquiry and report back by June 10 with recommendations.

The special committee is authorized to look into the turnpike agency's financial and contractual commitments, its methods of procedure and whether to repeal or improve the 1933 toll road law.

Howell, who has been in hot water with some of the lawmakers, said in a statement the commission "will be happy to cooperate with the committee in every way possible."

Legislative critics of the Toll Road Commission have contended the agency acted in haste and secrecy in laying out plans for 193 miles of turnpikes in northern Illinois and that the commission was given excessive powers under the law.

The toll road program at present is being held up pending settlement of litigation in the U. S. Supreme Court.

U. of I. Budget

The University of Illinois budget for 1955-57, totaling \$96,732,600, was unanimously approved Tuesday by the Senate Appropriations Committee.

"This budget is the largest we've ever requested," President Lloyd Morey told the senators, "but the university is doing the biggest job they have ever been called on to do."

He said the budget for operating purposes was 11 million dollars above that for the two years ending next June 30. The set of three bills advanced to the Senate floor.

State Pay Hike Move

A move to raise the pay of Illinois lawmakers failed to make headway Tuesday.

Legislators backing a proposed \$2,500 increase tried to get the Illinois House Executive Committee to approve the bill. However, a 10 to 10 tie vote resulted and the measure was stalled.

The legislators now are paid \$5,000 a year.

'Shooting For June 15' On Completion Of Big Pipe Line From River

"We are shooting for June 15," N. J. Butler, superintendent of the Jacksonville water, light and sewer departments, told the city council when a report was given on the progress of construction of the 23 mile water transmission line from the Illinois river.

The weekly summary of progress by Casler & Stapleton, consulting engineers, and Butler's report indicated that the big pipe line, longest municipally owned line in Illinois, will be pumping water by early summer.

Loses Sight Of Eye Pierced By Steel Fragment

ASHLAND—Bob Scott of Ashland suffered the loss of sight in his left eye following an accident last week while engaged in taking fencing down.

Scott was working at the Russell Smith farm removing staples from wire fencing he was taking down. In the process he was using two hammers. A piece of steel flew from one of the hammers entering his eye and piercing through into the temple.

The injured man was taken to the Passavant hospital for treatment. He was released to his home last Saturday.

Four Injured In Crash At Scene Of Minor Collision

JERSEYVILLE—Four residents of the Jerseyville vicinity and one of the Brighton locality were brought to the Jersey Community hospital about 7 a.m. Monday suffering from injuries received in an automobile accident about eight miles south of this city on Route 67A.

The injured were Virgil Brooks, driver of one of the vehicles figuring in the accident, Edward Snow, Harold Crow and Miss Enid Davis all of Jerseyville, and Marion Stewart of the Brighton vicinity, who was driving a pickup truck.

Brooks suffered severe chest injuries, head lacerations and an injury to both of his legs. Snow suffered injuries about the head and Miss Davis suffered an injury to the head and left leg. Stewart sustained an injury to one of his shoulders.

Crow suffered the least injuries of any of the quartet and was released from the hospital following treatment and went on to work.

At the time of the accident, the four Jerseyville people were enroute to work in the Madison county locality. According to reports from the office of Sheriff Herman C. Kirchner, the pickup truck operated by Stewart was traveling south in advance of the car driven by Brooks.

Stewart came suddenly upon the scene of another accident that had occurred a little time before and was forced to slow his truck suddenly with the result that Brooks' car collided with the rear of the pickup.

Sheriff Kirchner reported that no one sustained injuries of importance in the wreck preceding the Brooks-Stewart accident.

The four Jerseyville residents and Stewart were brought to the Jersey Community hospital by other motorists.

School Safety Patrol Picnic Here On May 10

Hundreds of school patrol boys and girls in the Jacksonville area will gather on Tuesday May 10, at Nichols park for the annual spring picnic sponsored by the Chicago Motor Club. A picnic lunch will be served at noon and games and contests have been arranged.

The boys and girls who guide the safety of students throughout the school year directing traffic at school crossings are invited each year to an all day outing by the motor club. Carter H. Wilson is manager of the Jacksonville branch of the Chicago Motor Club. There will be 26 high schools represented from five counties at the picnic to be held in Jacksonville. Schools are in Pike, Cass, Scott and Morgan counties and from Modesto school in Macoupin county.

The high schools whose boy and girl patrol members will attend include Alexander, Alsey, Ashland, Atlas, Barry, Central, Beard and Lincoln schools at Beardstown, Bluffs, David, Prince, Franklin, North Jacksonville, Our Saviour's, Salem Lutheran, South Jacksonville, Franklin, Ill., Glasgow, Men-

Butler named the June 15 date as the time when the department hopes to start pumping from the river. "We hope to have the line operating by the time several hundred water plant operators and municipal officials gather here June 27 for a meeting" he added.

No delivery of pipe was made by Price Brothers of Dayton, Ohio, last week due to the amount strung out ahead of the laying contractor and the contractor's request that no 24 inch pipe delivered on the job at this time.

A total of 94,399.25 feet of pipe has been delivered along the route, or 17.86 miles. Delivery of the pipe is 78.67% completed.

Crew "A" of the Torsion Construction Co., Kansas City, Mo., is laying pipe from the Wabash railroad crossing east toward Chapin. As of Monday, May 2, Crew "A" had a distance of 12,796 feet to complete the tie-in on the section where it is now working.

Crew "B" of the Torsion company is laying pipe along Liberty road between the properties of William H. Stevenson and Yates Potter, west of the curve through the Herman Ommen property.

Over 15 Miles Installed

An analysis of the Torsion contract shows that 16,645 miles of pipe has been installed. The total working days of the contract are 170; total working days possible to date 148; working days lost due to weather, holidays, and work stoppage 36; charged out to job 116 days; remaining days of contract 54. Masonry work has been completed at the pump house north of Naples with exception of cleaning and painting. The main road steel is in place. The Caldwell Engineering Co. of this city is contractor for the pump house and installation of auxiliary equipment.

Work At Pump House

Work has started on placing and wiring the control panels and equipment, and is progressing satisfactorily, the engineers reported. Work on the plant piping is nearing completion.

Water will be in the big line at all times after it is placed in operation, because it will supply about 60 landowner-customers and the village of Chapin, as well as keep at the level of Lake Maumelster at even stage. The transmission line, expected to deliver from eight to 10 million gallons daily when needed, will be operated in conjunction with the reservoir system.

Evening Education Department Meets At RockwoodHome

WINCHESTER—Mrs. Byron E. Koch gave the program for the members of the Evening Education Department of the Winchester Woman's Club, at the meeting of the department at the home of Mrs. Homer G. Rockwood, last week.

Using her subject "Beauty in the Home" Mrs. Koch described the recent trends in home decorating and particularly in draperies, upholstery and floor coverings.

Mrs. O. R. Robertson was in charge of the business session at which time the group agreed to instruct the ways and means committee to decide as to the details of the use of the funds which they had received from the card party benefit for the purchase of band instruments for the school.

At the close of the meeting refreshments were served by Mrs. Rockwood, assisted by Miss Henriette Hainsfurther, Miss Evelyn Placke, Mrs. Elmer Stuart and Mrs. J. E. Markille.

Church Meetings

The Baptist church Mission Aid will meet at the church Thursday, May 5 with a 12:30 luncheon at noon, served by Mrs. O. R. Robertson and her group.

The Missionary Guild will meet Thursday evening, May 5, at the home of Mrs. Dale Bradshaw.

The Baptist teachers and officers meeting which was originally scheduled for this week has been postponed to Friday, May 13, and will be a potluck meeting in the Baptist church basement.

On Wednesday evening May 11 at 6:30 the Baptist church will hold a potluck supper and program in the church basement to welcome new members who have recently placed their membership in the church.

The C. W. F. Workshop meeting will be held at the Christian church on Friday, May 6, and will be an all day meeting beginning at 9 o'clock in the morning with a sack lunch at noon. Mrs. L. A. Crown, formerly of Winchester, who is Executive State Secretary of the C. W. F. will be one of the leaders in charge of this meeting which is for all ladies of the church.

The regular meeting of the W. S. C. S. of the Methodist church will be held at the church at 2:30 Thursday afternoon, May 5, with Miss Mary Coultas and the membership committee in charge of the program.

Legion Fish Fry

Wilbur Moore, Commander of the Julian Wells Post of the American Legion, has announced that a fish fry and business meeting will be held at the Legion Hall at 7 o'clock Wednesday evening, May 4.

Sunday School Meeting

The Room-for-you Class of the Baptist church held its regular meeting Friday evening at the home of Mr. and Mrs. Dale Bradshaw. George Lashmett, President, was in charge of the business session, at which the treasurer's report showed a balance of \$141.93, with \$66.43 in the junior church fund.

The president appointed Mrs. Bradshaw as hospitality chairman, to remember the sick with cards. Mrs. Mary Lou Boston and Mrs. Carolyn Lashmett were appointed to take charge of devotions in the class during April.

Mr. and Mrs. Harry Taylor were in charge of packing eight boxes for service men.

A social hour was enjoyed by the group, with refreshments being served by Mrs. Bradshaw, Mrs. Ray Cherry and Mr. and Mrs. Marion Clanton.

Personals

Open House At State Hospital Draws 300

"Our Mental Institutions give more than custodial care to those who are mentally ill—they now offer medical care and treatment programs that have one purpose in mind—to help those who are ill to reorganize their resources for a triumphant return to the daily adventure of living. New medicines—new methods of care—new treatment programs are now part of the hospital programs in the State of Illinois."

Thus Harry W. McClintock, assistant director of the Department of Public Welfare, spoke to an audience of 300 who attended the Open House at the Jacksonville State Hospital that inaugurated the National Mental Health Week in this Area.

Rev. Harris Pankhurst opened the program with the invocation. Dr. Louis Bellinson gave a few words of welcome to the audience and introduced the speaker of the day, Mr. McClintock. He spoke on "Progress in Mental Health" giving a brief history of the treatment program for mental illness, leading up to what our hospital now offers and hopes to do in the future. There is a great need for research in the field of mental illness—research that is now being made in our own hospitals. He listed various new programs that have been initiated that will directly or indirectly have to do with the welfare of the patient—master menu plans for all hospitals, the Volunteer Service Program and Research programs.

Misses Laura Smith, Margaret DeVore, Margaret Ann Williamson, the Volunteer Service Trio who have contributed so generously of their musical talent with the patients at the hospital sang "Let All My Life Be Music." They were accompanied by Mrs. Alta Eisch.

Outstanding Employees

Dr. Louis Bellinson then presented the awards to those who had been selected as outstanding personnel for the past year. He stressed the importance and value of their work because they are the personnel in closest contact with the patient and also stressed that the efforts of these five were symbolic of the

work of the entire hospital staff.

The certificate praises the professional executives of America's chambers of commerce and trade associations for their work in behalf of the free enterprise system. The dinner was held at the Hotel Statler in Washington, D. C.

The certificate is signed by Clem Johnston and Arch N. Booth, president and executive vice president of the National Chamber. The certificate reads as follows:

"The 43rd Annual Meeting of the Chamber of Commerce of the United States recognizes, honors, and commends the professional executives of America's business organizations."

"These men and women, who direct the activities and programs of our chambers of commerce and of our trade and professional associations, often at the sacrifice of greater personal opportunity, devote their lives to the improvement of our country, better business and the furthering of our free enterprise system."

"They are the missionaries and conservers of the doctrine that men may live better in an atmosphere of liberty and individual opportunity."

"May they continue their work and flourish under the system which they advocate so effectively."

Injured Kampsville Prisoner Indicted Tuesday On 6 Counts

KAMPSVILLE, Ill. (AP) — The surviving member of a pair of ex-convicts whose bank robbery plans were thwarted Sunday night was indicted Tuesday on six counts, four of them carrying a possible death penalty.

The indictment was returned under the Federal Bank Robbery Act by a grand jury at Springfield against Eugene Clifford Hubbard, 26, who is under guard at a hospital in Carrollton.

Townpeople in Kampsville, 50 miles north of St. Louis, learned that Hubbard and his accomplice, Thomas Underwood, 26, were holding the bank cashier and his wife captive in their home here and sounded an alert.

This started a chain of events which culminated in a wild flight under gunfire by the former convicts and their two hostages in which their commandeered car overturned on a highway curve at an estimated 100 miles an hour.

Underwood and Harry Waldheuser, 63-year-old cashier of the Bank of Kampsville, were killed. The cashier's wife, Leila, and Hubbard were seriously injured. Waldheuser had been struck by two bullets, presumably fired at the fleeing car by pursuers, but an autopsy showed he died of injuries suffered in the crash.

Meanwhile articles valued at about \$3,500 and identified as loot from burglaries in several Illinois and Missouri communities were discovered in Hubbard's St. Louis apartment. The loot included two cash boxes, a motion picture projector and tools.

One count of the federal indictment accused Hubbard, in trying to avoid capture, "killed and murdered" the bank cashier.

A state warrant charging Hubbard with armed robbery also was issued Tuesday, and the Hardin County prosecutor said he would ask the county grand jury to vote kidnapping and murder indictments Monday.

The robbers had planned to force Waldheuser to accompany them to the bank and open the vault.

Library Circulation Continues To Grow

Jacksonville children and adults are reading more library books now than ever before, it was brought out in the annual report of the Public Library Board which was submitted to the city council Monday night. The library had a total circulation of 129,075 volumes between April 1954 through March 1955, topping by 5,960 the circulation of the previous year.

The annual report, read with interest by councilmen, was prepared by Leo J. Flood, president; M. F. Stewart, secretary, and Frances W. Bailey, librarian.

Receipts of the library board were \$37,233.38, with expenditures of \$33,505.93. A balance of \$1,174.02 remained in the treasury on Mar. 31. Taxes brought in \$32,470.70 for library purposes; book fines amounted to \$957.15, and rental books accounted for \$221.54 revenue.

A gain of 2,800 volumes in circulation of non-fiction, and 3,160 gain in fiction was reported by the library officials.

A total of 52,262 volumes was on hand Mar. 31.

City council members received a written invitation from the board of trustees and staff members of Oaklawn Sanitarium and the Morgan County Tuberculosis and Public Health League to attend open house Sunday, May 8, at Oaklawn. Hours will be from 2 to 4 p.m., when the public will visit the institution.
